The diagram illustrates a multi-branching tree structure. It starts with a single root node on the left, which branches into four separate paths. Each path consists of a rectangular box followed by a label. The labels are: **BYE** (top), **AA1** (second), **BYE** (third), and **AA3** (bottom). The top and third branches are labeled **BYE**, while the second and bottom branches are labeled **AA1** and **AA3** respectively. The branches are connected by a horizontal line that runs from the root node to the right, where it splits into four vertical lines, each leading to a box. The boxes are arranged vertically, and the labels are placed to the right of each box. The entire structure is enclosed in a rectangular frame.
